### **Prior Year Account History and Coming Year Projections**

This is a statement of the actual activity in your escrow account from 06/20 through 05/21. This statement itemizes your actual escrow account transactions since your previous analysis statement or initial disclosure, and projects payments, disbursements, and balances for the coming year. The projections from your previous escrow analysis are included with the actual payments and disbursements for the prior year. By comparing the actual escrow payment with the previous projections listed, you can determine where a difference may have occurred. When applicable, the letter E beside anamount indicates that a payment or disbursement has not yet occurred but is estimated to occur as shown.

Projections are included to ensure sufficient funds are available to pay your taxes and/or insurance for the coming year. Under Federal Law (RESPA), the lowest monthly balance in your escrow account should be no less than \$1,066.70  $or\ 1/6th\ of\ the\ total\ annual\ projected\ disbursement\ from\ your\ escrow\ account,\ unless\ your\ mortgage\ documents\ or\ state\ law$ specifies otherwise. Your projected estimated lowest account balance of \$8,355.20 will be reached in August 2021. When the  $minimum \, required \, balance \, is \, subtracted \, from \, your \, lowest \, projected \, balance, an \, Escrow \, Surplus \, results \, in \, the \, amount \, of \, the \, contract \, contr$ \$7,288.50. These amounts are indicated with an arrow (<).

This escrow analysis is based on the assumption that all escrow advances made on your loan prior to your bankruptcy filing date are included in your bankruptcy plan and will be paid in the plan. This analysis considers insurance, taxes and other amounts that will come due after the filing of your bankruptcy case.
